SUBJECT: NOTICE OF POWER OUTAGE

Due to emergency or routine maintenance, we will be working on the electrical equipment serving your neighborhood.

To ensure the safety of our employees during this time, we have to interrupt service to your home or business. The service outage in your area will be for approximately 15 min hrs.

PLANNED OUTAGE

APPROXIMATE TIME

DATE(S):

FROM:

TO:

<u>Dec-04-2007 TUESDAY</u>	<u>03:00</u>	<u>04:00</u>

Your patience and cooperation are sincerely appreciated as we work to keep our equipment in top operating condition and to provide greater reliability of electric service to you. As a reminder to you, your electric garage door will not operate at your residence during the outage. If you will need access between the hours of the outage, please open the door before the scheduled outage time. If you have an alarm or security system, we suggest you notify your security office of this outage. It is also suggested you unplug all appliances or sensitive equipment other than refrigeration.

Equipment or vehicle breakdown, bad weather or emergency operating conditions may cause this prearranged outage to be canceled at the last minute. Should this occur, we will notify you of the rescheduled date and time. If you wish to be notified during off hours, please provide a contact phone number.

Thank you for your cooperation and please accept our apologies for any inconvenience we may have caused you.
